Finding the perfect Stylist for Today's Ladies & Gentleman of Leisure

Texas Cuts & Styles

Key Requirements

Texas Cuts & Styles brings together a search function for stylists, hairdressers and barbers in the Texas area, alongside a host of other health and beauty services. There is also a user are using Learndash learning management system which hosts master classes for signed up stylists and more.

The functionalities of this site include custom coding for the search and preview of stylists, a profile system which allows sign up and paid memberships with separate content access, together with the implementation of Learndash. All of this has been designed to be as user friendly, clean and simple as possible to attract new stylists and potential clients to use the site.

Using a theme base we brought in custom CSS and HTML to build out a beautifully functioning design at an affordable price.
